

SWISS EXPERIMENTAL SURGERY SYMPOSIUM

9th Swiss Experimental Surgery Symposium

From the experimental lab to bedside!

January 17/18, 2013

University of Fribourg, Switzerland

Medical research is becoming more and more important in our current world of innovations, so training and exchange among experts is crucial. The symposium provides a platform for both know-how transfer and discussions. It would be a pleasure to welcome you to the 9th SESS in Fribourg !

The organizers

Bernhard Egger, MD, Prof.

Stephan Jakob, MD, Prof.

Scientific program and online registration will be available at www.sess.ch. Student Admission at special fees is available. Official language is English.
